

Daniel Alexander Rogers

LANECO 2017 Scholarship Winner

Daniel, (Parents) Tim and Adrienne and Donna Trusty, Laneco Board of Directors.

Laneco Federal Credit Union is proud to present the 2017 Scholarship to Daniel Alexander Rogers. Daniel was awarded \$500 towards his college costs in the coming school year.

Daniel comes to us as one of our early members after our expanded community charter was granted. We welcome him to Laneco and hope that he finds great benefits from his membership. It is an honor to recognize Daniel's great achievements.

To win this scholarship, Daniel had to complete a two-page application, plus write a 750 word essay providing us with his views on "How do credit unions differ from banks; and why would these differences cause you to choose a credit union over a bank as your primary financial institution?" Daniel's essay was thoughtful, well written and full of great insights.

Daniel just graduated from South Eugene High School. He plans on attending Oregon State University where he will focus on Energy Systems Engineering.

On behalf of the over 1800 LANECO members, congratulations and good luck to Daniel.
