Letter from the CEO

Welcome to 2017. What a year so far, right? More going on with our economy and our government than you can keep track of it seems like. Loan rates remain low but are showing signs that they may start to increase soon. If you are thinking of a new purchase whether it be a car, truck, boat, trailer, motorcycle or ATV now is the time to lock into our great low rates before they start to go up. We are running a special promotion for recreational vehicles right now which includes boats, trailers and motorcycles. We have dropped our rates by 1% across the board. Check out rates in this newsletter.

By now you have heard about our charter change which was granted late last year. We are now allowed to offer membership to anyone who lives, works, worships, or is educated in Lane County, Oregon. We can also offer membership to anyone who receives assistance from any organization based in Lane County. Lots of options and access. Don't get us wrong, we are not going to explode so big that we forget our exceptional personal service and our "here you are family" mentality, no, we are just striving to increase our membership base and bring in more members to save and borrow. By growing we will be able to keep rates and fees lower and grant more loans to help our membership gain financial health. Be sure to check out our article on "Bringing us a member and Win." Credit Union growth is a win win for everyone.

On a personal note I want to thank the membership, board and staff for their continuing dedication and loyalty to Laneco Federal Credit Union. Without all of you the credit union could not be looking to celebrate our 60th anniversary next year (2018). Let's keep the family growing and prospering into a very exciting future.
